First Ever! EUROPEAN CONTINENTAL CONFERENCE

BEYOND THE REFORMATION TO TRANSFORMATION

Even as Europe enjoys an economic revival and transformation through the EU, it lies on death's door as far as its spiritual health is concerned. Traditional Christianity, both Catholic and Protestant, has lost its relevance for modern Europeans, who have gone elsewhere to find meaning and purpose for living. The truth is, the Reformation that began in Europe with Wycliffe in the 14th Century never went far enough—into a “Transformation” of the Christian faith in keeping with biblical truth. Though it affirmed “sola scriptura,” in the end the Reformation only attempted to reform a few of the ungodly practices of the Roman Catholic Church without unseating its fundamental disregard for the integrity of Scripture and commitment to tradition.

The time is ripe for a new approach—a radical transformation of the face of Christianity from dead formalism and institutionalization to small, dynamic, powerful, authentic, and loving fellowships that are anchored in truth, not tradition.

Come join us for a weekend of discovery of the power of truth over tradition, and the energizing of the soul that comes from keeping company with people who share your commitment to pursuing God and His truth with all your heart. This conference is not for the faint of heart who fear being unpopular or thought “heretical.” This conference is for those who are willing to pay any price to find the truth and then live it and speak it. We hope you will do whatever you can to be a part of this historical gathering.
