

The Good News Class

Request Form

Because *The Good News Class* is more of an experience in community learning and transformation than a class offering Bible knowledge, we don't want to assume that our class sponsors and organizers on the field will know how to conduct the class without having been a part of one. As a community introducing new people to Jesus Christ, we want to ensure that the new students in the class have the best experience possible.

To that end, please fill out this form as completely and honestly as possible. That will help us prayerfully decide how to best support the conducting of the class in your area. Wherever possible, we are trying to arrange for one of the teachers of the class to be present for the class.

Class schedule requested (circle days) F S S M T W Th F S S

The suggested schedule is to run the class within a four day period including a weekend, but we will consider exceptions to this if your reasons are clearly stated and compelling (please attach on a separate sheet of paper). Remember that in general we want to let the momentum of the class build for the greatest impact and we have found by experience that extending the class over too long a time can have a less transforming impact on new students.

Student Information

You must have at least five new participants in order to facilitate a class in your area.
