

# Spring Bible Study

# Body, Soul, Spirit

## Who we are and what we have in Christ

This year's Spring Bible Study will focus on us as Christians—who we are and what we have both by nature and spiritually in Christ. It will examine the words and concepts for body, soul, and spirit, as they relate to the Christian and also what they meant and what they referred to in the biblical world of both the Old and New Testaments. The flexible uses of these words will be studied, and their semantic range.

We will also examine the nature of our whole being, and thus the meaning of many of the words that occur in the Bible regarding how we function, especially mentally, including the biblical concepts of "heart," "mind," "thoughts," "understanding," "bowels," "kidneys," "belly," and "eyes."
