

REFUTING EVOLUTION, AT THE 2005 R-EVOLUTION CONFERENCE!

For in six days the LORD made the heavens and earth,
the sea, and all that is in them... (Ex. 20:11-NIV)

Since the late 1800's, secular science has sought to discredit the historical truths of Genesis. Although God proclaims to make Himself evident through His creation, many Christians do not believe in a literal translation of Genesis, or are unequipped to answer questions from skeptics regarding the age of the earth, the origin of life, matter, and the expanse of the universe. Life in a worldly culture that is at best agnostic, and at worst anti-God, bombards Christians and non-Christians alike with the religion of naturalistic materialism, attributing God's creative handiwork to chaos theory, blind chance, and chemical predestination. A simple look at the complex bio-diversity of life on earth should cause believers to praise the Creator, but many struggle daily in faith, failing to believe spiritual truths from a book whose very first verse they doubt. As Jesus says in John 3:12-KJV, "If I have told you earthly things, and ye believe not, how shall ye believe, if I tell you of heavenly things?" The profound impact of "creation evangelism" has been continually

documented by the testimonies of people who chose to believe in the God of the Bible after learning of the half truths, misrepresentations, and outright lies used by the secular community to further the cause of the evolutionary world view. Further, there are countless stories of Christians with renewed and burning passion for God after being able to finally put to rest the nagging doubts caused by modern science. Although evolution has never been, nor can ever be, proven, a quick look at a 2004 college science textbook will demonstrate the sad truth that the dominant theory of record is that life originated in outer space and came to earth on meteorites before evolving in the muck into life as we know it. As far fetched as this sounds, the god of this world will go to any lengths to keep the world in the dark about creation, and this must underscore for us the importance of shining the light of truth on this subject. Satan's primary weapon in the secular West is most assuredly the philosophy of materialism masquerading as science. Join John Schoenheit and the saints of Spirit & Truth Fellowship to start a "R-Evolution" to overthrow the stronghold of the enemy and turn the lies of evolution into a revolution of praise!
